WARRANT FOR TOWN MEETING
STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Rollinsford in the County of Strafford, in said State, qualified to vote in town affairs:

You are hereby notified to meet at Town Hall in said Town on Tuesday, the tenth day of March next, at ten o'clock in the forenoon, to act upon the following subjects:

- ART. 1. To bring in your ballots for Town Clerk, Town Treasurer, One Selectman and Overseer of the Poor for a term of three years, One Road Agent, and Chief of the Fire Department.
- ART. 2. To choose all other necessary Town Officers for the ensuing year.
- ART. 3. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations for the same.
- ART. 4. To see if the town will vote to allow a discount of 2 per cent on all taxes of the 1942 levy, except poll taxes, paid on or before September 1st. next.
- ART. 5. To see if the voters of the Town of Rollinsford will authorize the Selectmen to borrow money in anticipation of the collection of taxes.

- ART. 6. To see if the town will vote to raise and appropriate the sum of Sixteen Hundred and Eleven Dollars (\$1611.00) towards the completion of the building of the Goodwin Road, provided the state contributes the sum of Thirty-Two Hundred and Twenty-Two Dollars (\$3222.00) for the same purpose.

Also to see if the town will vote to authorize the Selectmen to hire and expend an approximate amount of Sixteen Hundred Dollars (\$1600.00) towards the finishing of this work on the Goodwin Road, provided the State would be able to contribute more money for this purpose on a similar basis of expenditure.

- ART. 7. To transact any other business that may legally come before said meeting.

Appropriations will begin at eleven (11:00) o'clock sharp.

Given under our hands and seal this twenty-third (23) day of February, in the year of our Lord, nineteen hundred and forty-two.

FORREST L. NUTTER,
EDWARD J. HUDON,
CHARLES L. TITUS,

Selectmen of Rollinsford.

REPORT OF CHIEF ENGINEER AND FOREST FIRE WARDEN

Fellow Citizens of Rollinsford:

Again I ask,—whose responsibility is it?

This question can be answered and you Mr. Citizen must eventually answer it. The longer you wait the more it will cost. It still awaits your answer. Let me inform our residents that if it were imperative that our town and country look to their fire defenses in the past it is much more so now, and for the future, especially in determining the adequacy of fire department efficiency of operations. There can be no doubt now, in the minds of the public, as to the important task facing fire service. Our town, state and national, fire and Civilian Defense must be strengthened to the point where we can be reasonably certain of resisting attack by fire from sources not heretofore encountered or anticipated. Not only are new apparatus and equipment badly needed but the addition of ample personnel with which to meet as best we can, the heavy demand anticipated by the fire service. Again we maintain in these times of trouble, more than ever, that responsibilities of the town to provide public protection through an adequate fire service is vastly more essential than many other, but minor, public improvements. Public responsibilities and obligations must be assumed by the tax paying public if adequate fire fighting facilities are to be attained and maintained for this town's all-time protection. This program most certainly means a higher tax rate or, without increasing the tax burden, it means the sorrowful prospect of uncontrolled fires that could descend upon our community without advance notice if and when

an enemy bomber should make its appearance and rain a few incendiary bombs upon our homes and industrial plants, starting many fires which could easily become ruinous to all property within our town limits. Incendiary bombs cause fires, both to improved property such as homes, schools, industrial plants, etc., and unimproved property such as brush and woodlands. To cope with all fires of any character, it is quite essential to be properly equipped with necessary fires fighting equipment and apparatus. I have in the past tried to impress upon the citizens the fact that the town of Rollinsford is not properly equipped with fire equipment and apparatus for peace time needs, let alone the additional burdensome hazards, and fire prospects which an act of war has added to our insufficient fire fighting units of control. Yes! I have harped on this important subject before. Important to every man, woman and child within our town and country. I shall remind you of these facts just as long as you retain me as your Chief Engineer of the Rollinsford Fire Department or until you correct the shortage of fire apparatus and equipment necessary to properly fight your fires and protect town lives and property.

Yes folks,—IT IS YOUR RESPONSIBILITY and you should assume it. NOT DUCK IT. The above are the plain, simple facts to be faced by you the citizens and taxpayers of Rollinsford. I am not putting this matter before you for the purpose of spending money for something you could wisely get along without. No, its for your future protection of your life and home. IT IS YOUR RESPONSIBILITY.

At this writing your fire department is, to the best of its ability, working with the various County and State committees on Civilian Defense in organizing an auxiliary unit for our department.. The set-up, to date, calls for three auxiliary men for each regular man in the individual departments throughout the state. These men must, according to state regulations, take a physi-

cal examination, be finger-printed, take first aid training, take gas defense training and take a course in fire department training. The many courses are worthwhile and a distinct knowledge advancement to all men even though it should not be necessary to put it into play for the various anticipated emergencies. Remember it can happen here.

During the past fiscal year your department has answered forty-one alarms. Many of these were for out of town departments who were busy fighting brush and woods fires elsewhere. We in town have been assisted by neighboring departments for which we take this opportunity to extend our sincere thanks.

The state law governing fire permits is still in effect although some residents profess ignorance of this law or just don't care about it. Take my advice now, procure your permit to kindle a fire in the open from the the Forest Fire Warden. This law is being enforced rigidly and anyone caught taking a chance without the lawful permit can be called into court and fined. It is better to be safe than sorry.. Play safe and protect yourself. This is as a warning. **HEED IT.** Violation of the law, kindling a fire in or near woodlands for any purpose or where fire may be communicated to woodlands, when the ground is not covered with snow calls for a fine not to exceed five hundred dollars or imprisonment of not more than one year or both. Take your choice of a permit or the penalty.

The forest areas of any town of New Hampshire would be an excellent target for incendiary bombs or sabotage not as a basis of destroying valuable resources but to create a severe problem for our fire forces, and develop panic, and confusion of the population. Serious fires in the forest could endanger or disrupt our entire defense program and disrupt military operations or emergency evacuation from centers of population.

Folks, your fire protection at any time is a problem but now, in war time, it becomes a very serious prob-

lem. It can be solved, and will be solved, to the greatest degree of efficiency ONLY IF YOU ARE WILLING to assume your legitimate financial and moral responsibilities.

The Patriotic ambition of every citizen of Rollinsford is to contribute their efforts, in all ways possible, to the successful conclusion of a war waged for a free people in a Democratic and God worshipping nation. To this end we should accept whatever is assigned to us in the way of individual hardships and then come up with a smile. This extra burden of a war, waged for the right over might, will necessitate extra financial burdens which should be assumed by the taxpayers whose dollars and cents must pay the bills if the town's responsibilities for public protection and safety is, as it should be, acknowledged. Let us all, to the best of our ability, give our best in the many ways in which we can contribute toward the civilian defense program as is instituted in our town, state and nation. IT CAN HAPPEN HERE. IF IT DOES LET'S BE PREPARED.

We all have our opinions as to the future. No doubt we all believe we can and will be victorious in the final outcome of hostilities. It is my opinion that with your all out assistance toward the improvement of fire fighting equipment we can master the protection of town property from conflagrations. Without this much-needed assistance I can promise you nothing regarding your future fire protection in Rollinsford. Nevertheless, I can and I do take real pleasure in thanking the public for all assistance rendered this department in the past. Your continued assistance will be needed and sought as various hazards and fire problems arise to tax our efforts for the preservation of life and property in the trying hours ahead.

RAYMOND C. CHASE,

Chief Engineer.

Respectfully submitted
January 31st, 1942.

ALARMS FOR FIRE—FEBRUARY 1, 1941 TO
JANUARY 31, 1942, INCLUSIVE

- Feb. 11—Chimney, Chester Goodrich, Roberts Road.
Feb. 24—Grass, E. J. York, Foundry St.

Forest Fire Warden.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Rollinsford:

This is the fourteenth annual report to be made by me.

The statistics given cover the school year ending in June, 1941, while comments made may cover the work now in progress.

Until the Christmas vacation of this year no change was made in teachers. At that time Mrs. Mabelle Stevens, who taught the fifth and sixth grades for several years, asked to be released from her contract for personal reasons. Miss Elsie Hachey of Berlin, N. H., a graduate of Plymouth Teachers' College, with experience in teaching at Laconia and Berlin, is to finish the year.

Your teachers still manifest their professional interest by attending summer courses and lectures. Principal George Cross was in attendance at New Hampshire University summer session. The other three teachers are completing a course of fifteen lectures being given at Rochester High School by Dr. Donald Durrell of Boston University. The superintendent is taking the same course and the lectures are proving to be of great value to all.

We are continuing to give some free milk aided by funds from the Red Cross. Surplus Products furnished by the Federal government were used last year for the hot noontime lunch. They were supplemented by products purchased from local stores. The Surplus Products enable us to provide lunches at really less than cost. Mrs. Evans plans the lunches and they are supervised as last year by Miss Margaret Thomas. Miss Thomas

continues her naturalization classes in Salmon Falls, Dover and Somersworth.

The Metropolitan Achievement tests were given last year and the Stanford Achievement tests to the eighth grade just before graduation. Similar tests will be used this year. Owing to increased pressure of work due to defense efforts and defense schools supervised in Durham and planned for Nute High School, the superintendent has not been able to conduct tests of any kind in person.

All of the June graduates from grade eight entered High School. The William Martel Post of the American Legion leadership medals were awarded to Marie Sinclair and Philip Cloutman.

Of the 58 pupils attending secondary schools, there are 6 seniors at Berwick Academy and 4 seniors at Dover High School. At the Academy there are 2 as juniors, with 14 juniors at Dover. The sophomores are divided as follows: 2 at the Academy and 12 at Dover. There are 3 pupils as freshman at the Academy and 15 at Dover High School. The tuition rate at Dover this year is the same as the average for the state, \$80.99.

St. Joseph's Academy reported 116 in attendance on October first.

The schools are feeling the stress and strain of the times. The National Education Association Commission on the Defense of Democracy Through Education and a like committee of the National Association of Manufacturers, in joint meeting on December 5, 1941 adopted unanimously the following resolution which I quote, hoping that it may help you to keep your schools properly financed:

BE IT RESOLVED, that the administration and conduct of public education is an essential public service; that its reasonable financial support constitutes a necessary claim upon our American society to which other public services of lesser value should be subordinated.

Respectfully submitted,

HOWARD L. WINSLOW,

Superintendent of Schools,

Union No. 56.

REPORT OF SCHOOL NURSE

To the School Board and Citizens of Rollinsford:

The following report is for the school year, September, 1940 to June, 1941.

Pupils examined	230
Visits to schools	158
Visits to homes.....	87
Pupils accompanied home	28

Our school health program at the Rollinsford Grade School is greatly helped by the splendid school lunch served. It is a delight to see these pupils so well cared for. If anyone could visit the lunch room at noon, he would feel fully compensated for any effort he had made toward bringing about this splendid service.

The Good Teeth Council of Chicago gave a most instructive entertainment on the growth, required foods and care of the teeth to our Rollinsford pupils, in the Trade School building with the children of the Parochial School marching over in a body with their teachers to the Grade School Building. The Sisters remained after the entertainment and were escorted by the nurse through the building visiting the class rooms. They were most gracious guests and our teachers most cordial hosts. This educational program was financed by the kindness of the Berwick Woman's Club.

For your continued interest and support and the hearty cooperation of the teachers, I am most grateful.

Respectfully submitted,

DEBORAH B. NUTTER, R. N.

School Nurse

REPORT OF TREASURER **ROLLINSFORD SCHOOL DISTRICT**
